

Alaska Biathlon, Race # 6, 17 March 2007

Biathlon race 6 was Sprint Format with two shooting bouts and three ski laps. Penalty laps were required for targets not hit. Novice racers shot only from the prone position. Racers age 10-12 (younger junior boys and girls) shot only from the prone position and skied three 1.5 km course laps (4.5 km). Junior girls/boys, age 13-15 skied three 2.5 km course laps (7.5 km). Senior girls and women's classes (youth women, age 16 and up), and senior boys and men's classes (youth men, junior men, senior men, master men, age 16 and up) shot prone and standing and skied three 3.3 km course laps (10.0 km).

A clear sky, little wind, moderate temperature by race time, and perfect snow made race conditions ideal for this St. Patrick's Day competition.
