

NSAA Junior Nordic's

Ready 2 Race

2020-21 Schedule

What is Ready 2 Race?

Because the philosophy of Junior Nordic is to encourage children to learn and enjoy cross country skiing as a lifetime activity, competition and racing are not the focus of the program. The Ready 2 Race is a program geared towards Junior Nordic skiers who are interested in learning more about racing by offering clinics and race support during the season. The Ready 2 Race is \$25 per session and can be included in the regular season registration. This program is geared towards Wolverines and Hawks.

This program is great for skiers looking to participate on middle school ski teams or community races, such as the [AMH Anchorage Cup races](#). Ready 2 Race coaches will provide race support at AMH Anchorage Cup races including course preview, help with waxing, answer questions, and lead warm-ups.
