More Race Details: Mitigation Mandates, Bib Pick Up

COVID-19 Mitigation for the Tour of Anchorage:

The Tour of Anchorage would not be possible without an extensive COVID-19 mitigation plan that adheres to Municipality of Anchorage mandates. It's imperative that racers comply with mitigation measures.

A few highlights of our plan:

Face coverings — Racers will be required to wear face coverings covering the mouth and nose before starting and immediately after finishing — but not while racing as long as 10 feet of distancing can be generally maintained. Those stopping at aid stations must wear a face covering. Racers are encouraged to carry a dry face mask to put on at the finish. Volunteers and race officials will be required to wear face coverings at all times.

Social distancing — At least 6 feet of distance is required at the start and finish. At least 10 feet of distance is required while racing (except when passing). Please find your ride and depart Kincaid Park as quickly as possible after finishing.

Symptoms screening form — Racers and volunteers must confirm that they have no COVID-19 symptoms and have not tested positive or been in close contact to anyone who has recently been sick. You will receive a link prior to bib pickup and may not receive your bib until completing the symptoms screening form.
